Friday May 10, 2019 | 9:00 AM

Vancouver, BC

Present: Dwight & Lynn Lagore, Jim Humphries, Beverly Fawcett, Trevor Hoskins, Glenn Breitkreuz, Janette Stone, Autumn Sellen

The following is a sheet for gathering information on a ministry which may want to join FCA Missions in order to connect for Kingdom purposes. We need to know enough about them to understand who they are, what they do, how they are relationally connected to FCA, if at all, and the nature and structure of their ministry. Initially, we

1. WHO

- Information
- Connection Nature
 - National Foundation (country of origin or base of operations)
 - Scope of outreach or ministry (where do they operate?)
 - REVENUE CANADA implications (what else might CRA want to know?)

Access could be multidimensional...and levels of commitment, function and connection would grant increased access to a ministry to the FCA database, social media, or resources. This is important as we don't want to give outside organizations more privilege as those who are affiliated or member ministries. (EG: SAM Missions vs. Samaritan's Purse)

Layers:

- FCA local Church rooted
- FCA ministry credentialed (commissioned/_____ Lord)??? (I need to see my notes)
- FCA supported
- FCA affiliated
- FCA named
- FCA fellowship Kingdom??? (INTSMN)
- Privacy considerations (off the record, or recorded only with FCA office:EYES ONLY)
-

- What we don't know what we don't know...so may not be able to ask every right question.
- We may have to be flexible for international considerations, depending on gov't.
- culturally, economically, practice – beyond our understand/ intuition.
- Loyalty follows relationship.
- Membership in FCA needs to be privileged.
- ANYONE could apply to get access, so we need to determine who can have access to what, and we need to protect our membership from solicitation or risk putting whole enterprise at jeopardy.
